VOL. XXIV. RENO, WASHOE COUNTY, NEVADA, FRIDAY, DECEMBER 16, 1887. NO. 64.

Make No Mistake.

By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CATR-CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. $1.00 a package, 3 for $2 50.

Don't Trifle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

W. PINNIGER, Druggist.

Thousands of Dollars,

Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest $1 in SANTA ABIE, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Soldand guaranteed by Osburn & Shoemaker, Reno, Nevada, at $1 a bottle. Three for $2 50.

The most stubborn case of catarrh will speedily succumb to CALIFORNIA CATR-CURE. Six months' treatment for $1. By mail $1 10.

For lame back, side, or chest, use Shiloh's Porous Plaster Price 25 cents. For sale by Osburn & Shoemaker.

When baby was sick, we gave her Castoria,
When she was a Child she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

Rapid Beating of the Heart.

Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find yourself short of breath when exercising, or when your heart has periods of beating fast, you have heart disease, and should take Dr. Flint's Heart Remedy. At druggists. $1 50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

"HACKMETACK" a lasting and fragrant perfume. Price 25 and 5 cents. Sold by Osburn & Shoemaker.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason no one likes to take the medicines usually prescribed. HAMBURG FIGS were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

The reason Why Acker's Blood Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.

W. PINNIGER, Druggist.

If you Would enjoy your dinner and are prevented by Dyspepsia, use Acker's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents.

W. PINNIGER, Druggist.

Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics' Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietine Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

Old And reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all Impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal.

W. PINNIGER, Druggist.

An End to Bone Scraping.

Edward Shephard, of Harrisburg, Ill. says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at 50 cents a bottle, and Bucklen's Arnica Salve at 25 cents per box by S. J. Hodgkinson & Co's.

Can't Sleep Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c.

W. PINNIGER Druggist.

An Absolute Cure.

The ORIGINAL ABIETINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ABIETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

The Only Perfect Remedy

For habitual constipation, dyspepsia and kindred ills, is the famous California liquid fruit remedy, Syrup of Figs. It strengthens as well as cleanses the system, it is easily taken and perfectly harmless. Large bottles for sale by Wm. Pinniger, Reno, Nevada.

Live Stock Miscellany.

The Swift dressed beef establishment, recently opened in Kansas City, is the largest in the United States. Its capacity is 1,000 cattle 1,000 sheep and 1,500 hogs per day, and the number of men employed in operating the concern is 1,000.

J. A. Gray, of Amwell township, Washington county, Pa., had a Shorthorn cow to drop twin heifer calves recently, one of which has a third perfect ear on its nose. It can swallow well but it cannot suck.

The Society for Prevention of Cruelty to Animals "resolved" when a steer's horn was accidentally broken off at the cowboy tournament. Now they are preparing to make war on alfalfa because a cow bursted herself on alfalfa near Golden.

Cage up your stallions during the Winter season as they do wild animals, and it will not be long until they will become as furious and vicious as any of the beasts of prey. Constant subjection and companionship are necessary to keep any stallion quiet, docile and tractable.

In Northern Scotland this year 743 Shorthorn cattle have been sold at an average of $88 26; Aberdeen-Angus, 831, at $83 36. Last year there were 720 Shorthorns, at $111 22; and 740 Polled, at $125 20. In 1882 the average for Shorthorns was $126 28; and for Aberdeen-Angus, $304 52.

There are 60,000 work horses in New York City. Of these animals 25,000 are changed every year. The annual death rate is about 14,000 and from 11,000 to 13,000 go lame or become otherwise disabled. The estimated value of the horses of all classes in New York City is 12,000,000.

It is claimed that in 1861 the United States had 814 head of cattle to each 1,000 of population. That in 1885 there were 722 head of cattle to each 1,000 people, and that now there are relatively fewer cattle per 1,000 of population. Next season the gulf between these two points will be greater still and it is when this fact becomes generally known that valuations will go up and the market will be stiff and prime again.

The Range Journal says if Western stock interests get any good rom cattle conventions, they must be made up of western men. Then it is a hard show. While the Eastern fellows talk pleuro-pneumonia and a tax on oleomargarine, the big Western fellows talk pool and trust, and between the pleuro-howlers on the one hand and the combiners on the other, there seems little left for ordinary stockmen except to adopt the old darkey's alternative, and "take to the woods."

The very best cattle, the fancy 1,500 to 1,700-pound beeves, the one-steer-in-five-hundred kind, have lately sold here at $5 30 to $5 60. One year ago such cattle were selling at $5 to 5 40. In London the best American beeves are now quoted at 12 1-2 cents per pound, estimated dead weight, against 13 cents one year ago. This shows that the best cattle are lower abroad and higher at home than they were one year ago, which indicates that the best markets for our best cattle are now on this side of the Atlantic.—Drovers' Journal.

Speculators in Texas are buying beef cattle with a view of holding for the high prices which they feel sure must come soon. The Texas Live Stock Journal says there are at least 20,000 head of cattle being fed on cactus and cotton seed in Southwest Texas and that this is only the beginning. Next year there will be at least 100,000 head fed. It is estimated that 400 pounds of cotton seed together with the roughness of hay, sorghum of cactus, will fatten a steer and that the expense of the same would not be more than $2, delivered on any ranch in Texas.

In his annual report the Commissioner of Agriculture recommends substantially the abolition of the seed division of the department and the transfer of its duties to State Experiment Stations. He indicates his disapproval of the proposition that the department be made an executive one, with a cabinet officer at its head; anticipates at an early date the production of a sugar supply from plants as easily cultivated as corn and but little circumscribed by climatic influences, and says the building of reservoirs among the Rocky Mountains for the storage of an immense volume of water now wasted, should command the early attention of Congress.

EMRICHS'

THERMALITO

The Only Sure Cure.

HAVE YOU A COLD in the head which does not get better? Have you an excessive secretion of mucus or matter in the nasal passage? Are you troubled by hawking, spitting, weak and inflamed eyes, frequent a ressess of the throat, ringing and roaring in the ears, more or less impairment of the hearing, loss of smell, memory impaired, dullness or dizziness of the head, dryness or heat of the nose? Have you lost all sense of smell? Is your breath foul? If so you HAVE THE CATARRH. Some have all these symptoms, others only a part.

CALIFORNIA CAT-R-CURE

Restores the sense of taste and smell, removes bad taste and unpleasant breath, resulting from Catarrh. Easy and pleasant to use. Follow directions and a cure is warranted by all druggists. Send for circular to ABIETINE MEDICAL COMPANY, Oroville, Cal. SIX MONTHS' TREATMENT FOR $1; SENT BY MAIL FOR $1 10.

CAPTAIN CHARLES L. DIMON, of New York City, formerly Special Agent of the Phœnix and Home Insurance Company at San Francisco, Cal., says: I had been troubled with Chronic Catarrh for twenty years. A friend at Woodland, Cal.,

RECOMMENDED

Your California CAT-R-CURE. I procured a jar, having but little faith in its curative properties; but I must say, after using three jars, I am cured of that disgusting disease. Inclosed find $5, for which send me California CAT-R-CURE for some friends who are sufferers.

CALICO, Cal.—I have had the Catarrh for five years and could hardly talk plain; I could not breathe through my nostrils. Your California Cat-R-Cure has cleared out my head and I can talk plainer now than I have for the past five years. Your medicine is all it is represented,

AN ABSOLUTE CURE

For Catarrh and cold in the head. Yours truly, CHARLES C. OVERSHINER.

Prepared only by the ABIETINE MEDICAL CO., Oroville, Cal.

Hussey's Remedy

.....FOR.....

BLACKLEG IN CATTLE.

I AM making a tour of this State introducing the above-named Remedy.

It is infallible; I have the proofs

I guarantee my work. I treat cattle in herds that are dying, and warrant them for fifty cents a head never to die from the disease.

I have been treating cattle in California for nearly three years successfully and have sold the Remedy to most of the principal stockmen in the State.

I am prepared to furnish satisfactory proofs of the efficacy of my invention.

FRIDAY.....DECEMBER 16, 1887

IN the local columns to-day will be found the opinions of some of the world's leading educators on the proposed National Normal School. That the establishment of normal schools, founded and supported at the government'e expense, will meet with opposition must be expected. While in many of the European countries national normal schools are effective auxiliaries to progressive education, in the United States the policy of establishing National Normal Schools is considered by many to be a doubtful expedient. It is claimed that in some way it involves the old question of States rights and threatens an inalienable right which a State possesses of educating its own youth. But the government has already done enough towards public education to dispel the idea of its unconstitutionality. On March 21, 1864, Congress set aside the 16th and 36th sections in each township of various States for school purposes. This gave for school purposes in this State 3,925,000 acres of land. The government supports a national military school at West Point, a national normal school at Annapolis, and in which schools are taught not only the science and art of warfare but such sciences as are taught in our normal schools and colleges. If it be not contrary to the spirit of the Constitution to expend public moneys to train the soldier and sailor, the defenders of our homes, how can it be to train the teacher who makes the existence of the home possible? If the government may provide for efficient officers of the army, why should it not provide for efficient officers of our public schools, which in any republic are the most efficient and grandest of all armies. Since Pestalozzi on the shores of Neufchatel commenced his mission of training teachers for their profession normal schools have been doing effective work in progressive education and nation building. Such men as were the brother of Napoleon in France, Froebel in Germany, Horace Mann in the United States, and is Sir Lyon Playfair in England, have made their respective nations greater and grander. Through the improved methods of instruction advocated in the schools of France, Switzerland, Germany, Prussia, Austria, England and Ireland the school system has national recognition. Had this nation, in adopting the Constitution a century ago, incorporated in it a recognition of a national school system and thereafter made education compulsory throughout every part of the United States there never would have been a war between the sections North and South. What is now demanded to perpetuate unimpaired to our children free institutions is trained teachers and universal education. Since these have not been obtained through the States alone after an experience of one century, and are not likely to be obtained for a century to come without national recognition, our school system should have such recognition. We are in favor of a national normal school and believe, as does Colonel Parker, the greatest educational reformer of this country, that "it will do incalculable good."

THE next day after Sir Lyon Playfair returned to London from his mission to America, with his characteristic promptness, he answered at length a long letter of inquiry sent to him from this office.

Frozen to Death.

A dispatch from Paradise to the *Silver State* says: M. B. Carrel left town late last evening, and failing to reach home search was instituted this morning, and his body was found a half mile from his residence. It is supposed that he was frozen to death. Mr. Carrel was an old, respected and enterprising citizen of Paradise Valley, where he had been engaged in farming for seventeen or eighteen years. He was a native of Ohio, and related to George Carrel and H. C. and William Stewart. He leaves a widow and several children to mourn his death.

Salt Lake & Los Angeles R. R.

It is now quietly asserted that the real syndicate behind the project of building a railroad from Salt Lake to Los Angeles is Stanford, Huntington and Crocker, and there are facts which support the story. Colonel Trumbo, now inspecting the route, an employe of the Southern Pacific Company. When Col. Fred Crocker was asked if the Southern Pacific Company was not the syndicate interested he made no denial.

—Powderly's condition last night was regarded as critical by his physicians. He was seized with another hemorrhage yesterday afternoon.

NEWS OF THE DAY.

[PRESS DISPATCHES TO THE GAZETTE.]

A Death-Dealing Hurricane.

LOS ANGELES, Dec. 15.—Last night the hotel at Crescent, a small settlement twelve miles north of here, costing $10,000, was blown down by a terrific windstorm, entailing the death of Mrs. Arnold and her ten-year-old daughter, recently arrived from the East, and wounding more or less seriously sixteen of the hotel guests, many of whom met with miraculous escapes. The hotel was built like most in this region, simply rising from the ground without anchoring or piling. At half past 12 o'clock, just as the guests were about to leave and take refuge behind a huge rock, the building came down with a terrific crash. Mr. Arnold was with difficulty extricated from the debris, by a neighbor named Holly, who was attracted by the cries of the wounded. This morning other buildings adjoining were found flattened to the ground.

A Novel Point of Law Decided.

SAN FRANCISCO, Dec. 15.—Judge Hunt, in the case of Scammon against the Wells-Fargo Express Company, has decided a novel point of law. Plaintiff claimed to be entitled to two packages of gold dust. Defendant claimed that plaintiff was only entitled to the designated value of the gold dust. The Court held with the defendant, stating also, that the defendant had a right to be reimbursed for the transportation and expenses incurred in recovering the dust, which had been stolen by robbers, but afterwards recovered. Defendants had previously paid plaintiff $3,160 for the loss of the dust, who afterwards discovered that the real value of the dust was nearly $3,750. Plaintiff then sued for the difference.

Vibratory Sympathy.

PHILADELPHIA, Dec. 15.—The first annual meeting of the stockholders of the Keely Motor Company since 1883 was held yesterday. The Board of Directors in their report say they are more than ever satisfied the enterprise is absolutely based upon an application of new motive powers; that Keely has underestimated in many particulars the time necessary to the completion of his work; that the chief difficulties have been removed and they are now in sight of results. Keely made a long report in which he reviews his work. He has recently become possessed of a new and important discovery. Hereafter his operations will be conducted without either vaporic or ætheric forces. What name to give his new form of force he does not know, but the basis of it all is vibratory sympathy.

Mackay Buying Horseflesh.

LEXINGTON, Ky., Dec. 16.—The first thirty-two horses sold at the Eastern Kentucky Tattersall's yesterday were the property of Hon. W. L. Scott, of Pennsylvania. Among the sales were the following: Teatray, to Dwyer Bros., of New York, $10,500; Torchlight, to S. S. Brown, of Pittsburg, $7,600; Ransom, by Rayon, d'Or, to J. W. Mackay, of San Francisco, $1,600; Florentine, by Rayon d'Or, to J. W. Mackay, $1,060; Bluegrass, by Rayon d'Or, to J. W. Mackay, $900; Patti, by Longfellow, to J. W Mackay, $800. In the sales of the property of G. M Ryer, of Louisville, was the bay filly Widow Cliquot, to J. W. Mackay for $2,150.

Admitting the Territories to Statehood.

NEW YORK, Dec. 16.—A Washington special to the *Herald* says there is every indication that the Territories of Dakota, Washington, Montana and possibly Utah, will be admitted into Statehood, while Utah has adopted a new constitution which prohibits the perpetuity of polygamy within that Territory. Congress will make a provision in the event of the Territory's admission into the Union as a State, that clause of the Constitution cannot be disturbed without the consent of Congress. It matters not, however, if they are admitted at this session, they will not be granted the right of national franchise until 1892.

Millions of Chinese Starving.

SAN FRANCISCO, Dec. 15.—The steamship City of Sydney arrived this forenoon from Hongkong and Yokohama. The Chinese papers describe the disaster occasioned by the Yellow river overflowing its banks in the Province of Honan as one of the most appalling occurrences in the loss of life and property recorded in recent times. The river broke its banks September 28, southwest of the City of Ching Cow, and completely inundated that city and ten other populous cities. The whole area is now a raging sea. The loss of life is incalculable, and a statement is made that millions of Chinese are homeless and starving.

Bill to License Railway Conductors.

WASHINGTON, Dec. 15.—Senator Butler to-day introduced a bill to license railway conductors engaged in interstate commerce. It is provided that no railroad shall employ any person as conductor upon any train engaged in interstate commerce unless that person is licensed as provided in the Act. It also provides for a Chief Examiner, who shall have had five years service as a railway conductor. The bill was framed by the National Association of Railway Conductors.

Went Crazy in a Theater.

WASHINGTON, Dec. 15.—During the performance of "Article 47," by Clara Morris at the Grand Opera House tonight, Annie Horton, great granddaughter of John C. Calhoun, who is now an employe in the Postoffice Department, became violently insane during the scene in which Clara is shot by George Dunamel.

Five or six years ago Miss Horton fired several shots at George Morgan, son of Senator Morgan of Alabama, and it is thought that the scene on the stage recalled the affair so vividly as to unbalance her mind.

Robbing a Bank for 25 Years.

PHILADELPHIA, Dec. 15.—Joseph Knight, book-keeper of the Manufacturers' National Bank, was taken before United States Commissioner Edwards to-day, charged with stealing from the funds of the bank between $60,000 and $70,000. It is said that Knight has been appropriating to his own use the bank's money for nearly 25 years. Knight was book-keeper of the Manufacturers' National Bank for 35 years and has always been considered a trustworthy man. John W. Maffly, President of the bank, said he first discovered that the books were being falsified on the 9th of this month, the balance sheet not coming out correct within about $20,000.

The Republican Club.

NEW YORK, Dec. 16.—The convention was called to order shortly before 11. The first business before the convention was the report of the committees. There were 313 club names read. Many of them are distinguished leaders of the party. The cheering was almost continuous as the following names were reported: John Sherman, U. S Grant, Chas. Sumner, John A. Logan, Ben. Wade, Abraham Lincoln and James G. Blaine. The last name was greeted with thundrous cheering, but it was noticed that many delegates did not join in it. General Robinson, of the Grant Club, Binghampton, offered the following:

Resolved, That it is the duty of the Government to place our country in such a state of defense as will command the respect of all nations, and for this purpose a large portion of the surplus revenue should be devoted to fortifying our harbors, building ships for our navy and the manufacture of modern artillery for the proper armament of the same.

All the resolutions offered were referred, without debate, to the Committee on Resolutions.

Grosvenor of Ohio offered the following resolutions, which caused a sensation:

WHEREAS, It is the opinion of the National Convention of the Republican Club, that no man who at any time denounced Abraham Lincoln while he was President of United States as a buffoon and clown, or who ever declared from his seat in the United States Senate that no man should denounce Jefferson Davis as a traitor in his presence and go unrebuked by him; or who in his official capacity as Secretary of the Interior ordered that the flag of the United States should be displayed at half-mast on the occasion of the death of Jacob Thompson; or who, as Senator of the United States, many years after the war, refused to vote that the 10th, 14th, and 15th Amendments to the Constitution are valid and binding, ought to be appointed to or hold the high office of Justice of the Supreme Court of the United States; therefore,

Resolved, That L. O. C. Lamar ought not to be appointed Justice of said Court.

M. Everts, permanent chairman, come on the platform amidst tremendous applause. Having been introduced by Judge Ryan, he congratulated the Convention on its organization and said that its work would not interfere with any of the established organizations of the party. It would, like a "Grand old Party," never acknowlege that there could be a chosen candidate greater than the party.

Mexico's Congress Adjourned.

CITY OF MEXICO, Dec. 16.—Congress adjourned yesterday afternoon. The most important measures passed were bills authorizing new loans of 10,500,000 pounds and compulsory education in Federal districts and Territories.

"WITH BUBBLING GROAN!"

A Fatal Sense of Security Awfully Realized at Sea.

"A wet sheet and a flowing sea, a breeze that follows fast."

From his look-out the faithful old captain of yonder merchantman casts an uneasy glance at the distant horizon. See! yonder a small speak of cloud "no larger than a man's hand." He watches it with his piercing eye for a few moments, then reaches for his long eyeglass. To his experienced view, this harmless little cloud betokens danger.

Across his bronzed face there comes a look of determination, and, with quick orders to the seamen, the craft is put about and all sail made for the nearest harbor, where in apparent safety the anchor is dropped, and the hardy mariners watch the approaching storm with defiance!

The storm bursts!

The decks have been cleared, the sails close furled, and all ordinary preparations made for an emergency.

The storm increases but all seems safe.

But see! the vessel gives a sudden lurch, turns quickly about, and away she goes!

The anchor chain has broken!

This mighty ship might have ridden safely, but for one weak link in that anchor chain!

The strength of the chain is no greater than the strength of its weakest link.

On the sea of life, how many men are wrecked because of the unsuspected weakness of a link in the chain of health,—one weak vital organ in the body.

The mystery of death is even greater than the mystery of life. We think the links of our chain are strong, but we too seldom critically examine them for ourselves, and never really *know* that they will bear the strain that we put upon them.

"I have a friend," said Dr. Rio Lewis, "who can lift 900 pounds, and yet is an habitual sufferer from kidney and liver trouble and low spirits." The doctor who was one of the wisest and safest public teachers of the laws of health, wrote:

"The very marked testimonials from college professors, respectable physicians, and other gentlemen of intelligence and character, to the value of Warner's safe cure, have greatly surprised me. Many of these gentlemen I know, and reading their testimony, I was impelled to purchase some bottles of Warner's safe cure and analyze it. Besides I took some, swallowing three times the prescribed quantity. I am satisfied that the medicine is not injurious, and will frankly add that if I found myself the victim of a series kidney trouble I should use this preparation."

One year ago the *Servia*, while in a great storm, parted her two-inch rudder chain,—no wonder,—*it was rusted through!* The key to human health is the condition of the kidneys, and they may long be diseased and we be ignorant of the fact, because they give forth little or no pain. They in reality cause the majority of all the deaths, by polluting the blood and sending disease all through the system.

Dancing School.

S. DUPSON will hold a regular dancing school every Tuesday and Friday evening at Armory hall. Best of music in attendance.

Mules and Horses for Sale.

M. E. WARD has for sale 23 gentle work horses and mules. They can be seen any day near Reno. dec1-2w

To Indian Depredation Claimants.

WE expect to go to Washington soon to present and advocate the payment of claims against the Government for Indian depredations committed in this and adjoining States. All persons having such claims which they wish to place in our hands for collection will do so before January 15, 1888.

C. H. STODDARD,
C. S. YOUNG,
Agents for Indian Depredation Claims.

JOTTINGS.

For bargains in dry goods go to Emrich's.

A fine line of holiday goods at Pinniger's, 3 Virginia street.

Every lady in Reno should read Emrich's advertisement on the first page.

For good wood, a full cord guaranteed, go to Aitken, Myer's cigar store.

Xmas cards, odor stands, and holiday goods in variety at Hodgkinson & Co's.

A gorgeous display of holiday goods at Fassett's drug store. Beautiful toilet articles.

Buckboards, all styles, neat, handy and durable, at J. T. Longabaugh's, Reno, Nevada.

The finest lot of Christmas tree ornaments, and do not forget the candy at the Palace Bakery.

Peck & Co, the butchers, on the corner of Virginia street and the Plaza, are driving a lively trade.

J. Frazer's meat market always looks neat and clean, and his fine beef gives it an attractive appearance.

W. Pinniger, the Reno druggist, has on sale in quantities to suit, matured Thistle Dew whisky for medicinal purposes

Lovers of fine coffee should not fail to try Coffin & Larcombe's blended roast. Fresh ranch eggs, butter and poultry constantly on hand.

Mrs. Alt's dancing class will meet as usual to-morrow afternoon at Armory Hall, and the regular Saturday evening social will also take place.

Thurston has received a large quantity of the vellum tracing cloth, used by surveyors and architects for drawing maps and plans. It is 36 inches wide.

Angora goat skins in brown, black, white, pink and red colors at Leeper's, made up to order for robes and mats. A dandy present to give your best girl or better half.

Brookins keeps only first class pianos and organs, which he sells at very low prices and on the installment plan. Give him a call before purchasing elsewhere.

Patrons of Havenor's cash store purchasing one dollar's worth of goods between now and New Years, will receive a ticket for a fine silver pitcher. Leave your orders for turkeys.

For a nice suit of clothes, equal in fit to any made to order, go to the White House clothing emporium on Commercial Row. A new stock of gents' underwear and furnishing goods just received.

At about noon-time every day Jake Becker's saloon is crowded with people who don't have time to go home to lunch. They get a schooner of Wieland beer and a hot lunch for 12½ cents.

E. C. Leadbetter—self raising buckwheat flour and plain buckwheat, aunt Abbie's cooked rolled oats in bulk, yellow cornmeal, white cream cornmeal, breakfast gem and German anchor brand canned corn; very choice.

The Achmed Ali Bey Company.

This great company will appear for two nights at the Nevada theater as will be seen by the advertisement. Concerning this company the Sacramento *Bee* says:

"Achmed Ali Bey is the cleverest illusionist who has journeyed this way. Every act appears marvelous. He is indeed the prince of conjurers. The other features of the performance are excellent. Albert Linton, the lightning artist, the Harvey Brothers and Wash Norton, all won hearty applause.

PROPOSED NATIONAL NORMAL.

A Subject for Congressional Legislation.

What Leading Educators of the World Have to Say of It.

Some time ago there were sent out from this office circulars asking for opinions of leading educators relative to the establishment of a national normal school, equipped and supported at the government's expense. Numerous answers have been received and among others the following, from England's great educationist, Rt. Hon. Sir Lyon Playfair, M. P.:

68 ONSLOW GARDENS,
SOUTH KENSINGTON,
November 26, 1887.

DEAR SIR:—I only returned from the United States last night and found your letter of 16th October waiting my my arrival. I am not sure which of my addresses you desire me to send to you, but presuming it to be that delivered as President of the British Association I send you a copy by mail.

I should be glad to send any data to Mr. Stewart in regard to normal schools, but I cannot recommend our English system for adoption. It is not suitable for America, as it is entirely denominational and is supported to a considerable extent by the several churches aided by government grants.

We are busy at present in promoting technical education which is fast taking hold of the country.

Education was voluntary and denominational in England up to 1870, after which it has been compulsory and though there are still a large number of denominational schools, the school boards established by the Act of 1870 are doing active work. We have now got nearly the whole children of school age in our schools, but they leave before they are sufficiently educated and much improvement ought to be made in the practical side of this education. I was Minister of Education in Mr. Gladstone's last government, but we lasted too short a time for me to do much more than give a large impulse to technical education.
Yours truly, LYON PLAYFAIR.

C. S. YOUNG, Esq., Reno Nevada.

U. S. COMMISSIONER OF EDUCATION.
DEPARTMENT OF THE INTERIOR,
BUREAU OF EDUCATION,
WASHINGTON.

Hon. C. S. Young—MY DEAR SIR: Your favor of the 20th instant has been received, with copy of your circular letter.

I have given the latter to Dr. Warren and directed him to collect all the information that we have upon the subject of your inquiry.

I have had no opportunity even to think upon the subject, having been very much occupied during the absence of Mr. Holcombe, with the routine work of the office. I will go to Alabama this week, and will be absent until Congress meets.

I will then have no time to prepare a bill as you request. It is a very important measure and should be carefully considered. You may get some suggestions from Dr. Adam's monograph on William and Mary, in which he hints at a national university, modeled upon the West Point and Virginia idea, the students to be taken from each Congressional District in the whole country. I think such a plan would bring strength to your measure.

When you come to Washington, it will give me great pleasure to confer with you and render you any service in my power. Yours truly,
N. H. R. DAWSON.

THE FAMOUS QUINCY SCHOOL EDUCATOR COOK COUNTY NORMAL SCHOOL.
NORMAL PARK, Ill., Oct., 21, 1887.

C. S. Young, Reno,—DEAR SIR: I'll do it. Shall I send the plan to you? A National Normal School would do incalculable good, and the money can be put straight into good teachers.
Yours truly,
FRANCIS W. PARKER,
Principal.

ONE OF THE LEADING EDUCATORS OF THE SOUTH.
STATE OF MARYLAND, EDUCATION DEPARTMENT,
BALTIMORE, October 31st, 1887.

Hon. C. S. Young, Reno, Nevada,—MY DEAR SIR: I am in receipt of your circular of Oct. 17.

The subject therein presented is one of great importance, and I am unwilling to express any opinion without serious deliberation, and some conference with those who devote time to the study of the question.

If I am able to come to a well considered judgment I shall write to you at as early a date as possible.
Yours very truly,
M. A. NEWELL,
Sup't. etc.

CHICAGO'S SCHOOL MASTER GENERAL.
BOARD OF EDUCATION,
CHICAGO, October, 28, 1887.

Hon. C. S. Young—DEAR SIR: I have at present no definite knowledge of National Normal Schools. It would take too much time to study up the subject, so as to be in any way competent to outline the work, or treat it in a worthy manner.
Very truly yours,
GEO. HOWLAND,
Sup't.

FROM A PROFOUND SCHOLAR AND EDUCATOR.
COMMONWEALTH OF VIRGINIA, DEPARTMENT OF INSTRUCTION,
RICHMOND, Va. Nov. 2, 1887.

Hon. C. S. Young, Reno, Nevada—MY DEAR SIR: Your circular to hand Don't know yet that I can favor the measure. I have not studied it thoroughly; your approval of it, as well as the magnitude and importance of it, call for careful consideration. Some objections to the measures have presented themselves to my mind. I will think about it.
JOHN L. BUCHANAN,
Sup't. Public Instruction.

REDUCTION WORKS SUIT.

The Trial Began—A Brilliant Legal Array.

The case of the Reno Reduction Works vs. the Board of Commissioners of the Insane Asylum, brought to restrain the Asylum folks from diverting the waters of the Reduction Works ditch from its intended course, was begun in the District Court this morning before Judge Bigelow. A brilliant array of legal talent is in attendance. Robert H. Lindsay, T. H. Wells and Attorney General Alexander represent the Asylum Commissioners, while Hon. R. S. Mesick and Judge Boardman appear for the Reduction Works. Among the interested spectators and witnesses were Governor Stevenson, Secretary of State Dormer, Controller Hallock, Wm. Thompson, Superintendent Bishop and a large number of our leading business men. The morning was devoted to the introduction of documentary evidence. The indications are that the trial will be long and tedious.

ANOTHER CHANGE OF TIME.

The New Schedule Issued by the Southern Pacific Company.

By the new time card now being prepared on the Central Pacific the overland flyer will make the run between San Francisco and New York in four days and 18 hours—nearly ten hours less than at present. By the new arrangement the morning overland will leave San Francisco at 7 o'clock and the afternoon at 5 o'clock, and will arrive at 8:10 and 10:40 A. M. daily.

The new time card will take effect December 21st and the westbound express trains will pass Reno as follows: No. 2 (overland flyer), at 10 o'clock P. M.; No. 4, with mail, express and way passengers, at 6:45 P. M.

There will be no change in the time of arrival and departure of the East-bound overland and express trains from the present schedule.

Nothing is known officially at the local office of what change in time will be made by the V. & T. management to meet that on the Central Pacific, but it is rumored that the V. & T. express will leave Virginia at 3:45 P. M. in place of 5:25 P. M. as at present, arriving in Reno at 6:35.

BREVITIES.

Local and General Intelligence.

Scarlet fever at Winnemucca.

Reese river is frozen over solid.

Carson will have the electric light.

Public schools close for the term one week from to-day.

William St. John, the prison guard, gets one-twentieth of the fourth prize in the late Louisiana lottery—$1,200.

Mr. J. Fraser will to-night have two cars of grain fed hogs from Williams, Colusa county, California. Weight of hogs averages 240 pounds.

Virginia *Report*: Johnny Werrin is down in Reno, busily engaged in superintending the construction of a fine residence on his ranch near the Truckee.

Carson girls are protesting against the proposed change in railroad time, as trains will arrive too early for the many clandestine meetings hitherto enjoyed.

The last rail on the California and Oregon railroad was laid on Thursday, and when the last spike is driven it will weld a girdle of steel around Uncle Sam's domains. The ceremony of driving the spike took place near Ashland, Oregon, at 2 o'clock this afternoon.

A new exchange reached our sanctum this morning. It is called the Springfield (Mo.) *Sunbeam*, and proclaims that it is "devoted to nineteenth century affairs;" yet it contains the worm-eaten conundrum: "What is the diference between the Prince of Wales, a bald-headed man and a monkey.

PERSONAL.

C. C. Warner, of Elko, is in Reno.

Controller Hallock come down from Carson last evening.

Governor Stevenson is greeting his many friends in Reno to-day.

Secretary of State Dormer came dwn on last night's train from Carson.

W. M. McMillan, a prominent citizen of Virginia, is registered at the Palace.

Robert Patterson, the well-known sporting man of Virginia, was in town last night.

COPPER MINES.

A Probability That They Will Soon be Sought After.

The news comes from Boston that an Eastern metal firm has offered to take the entire production of all copper mines in this country, except the Calumet & Hecla, and that is shut down in consequence of the recent fire, for the ensuing year at 15½ cents per pound. The syndicate intends buying every ton of copper until the market price reaches $80 per ton.

This will have a tendency to get the copper mines of this section of Nevada developed. There are copper-bearing veins, which have every appearance of being extensive, in the Harmony mountains within five miles of Winnemucca, and also in Gold Run District near Golconda. It is believed that these mines could be profitably worked if copper commanded 15 or 16 cents a pound, as some of the ores carry from 25 to 36 per cent. of metal.

A Triple Alliance.

Unhappily for the wretched victim of their assaults, dyspepsia, constipation and biliousness are faithful allies. When one of these foes attack the system, the other two speedily follow in its wake, and successively make their onslaught. Successively, but not successfully, if Hostetter's Stomach Bitters be used to repel the onset. The Bitters as easily extirpates these monsters as St. George is depicted in the act of doing to the dragon in the steel vignette upon the glass bottles which contain the medicine. Their flight, like their advance, is nearly simultaneous. Their mutuality destroyed, they precipitately retreat, leaving health master of the position and strongly entrenched by the Bitters. This grand fortifier is also a reliable bulwark against the insiduous assaults of malarial disease, and stops the approach of rheumatism. It moreover relieves nervous complaints, and imparts vigor to the weak.

—The officers of the Central Pacific Company state that a dividend of 1 per cent. will be declared as soon as the Southern Pacific pays the annual rental of $1,200,000, due May 1. This money has heretofore been applied to reduce the floating debt.

Sarsaparilla and Iron Water,

AND NON-ALCOHOLIC ORANGE JUICE—SOMETHING NEW—Try it call for it. All first-class saloons have it. CHAMBERLAIN & THYS, sole agents for Washoe county, Nev. nov22tf

DIED.

YOUNG—At Lovelock, December 10, 1887, S. S. Young, Sr., a native of New Brunswick, aged 67 years.

SNELL—In Virginia City, December 13, 1887, Mary Louise, wife of Edward S. Snell.

—The Public Prosecutor of Leipsic has decided that Carbiagnes, the official who revealed the contents of official documents to France, be sentenced to twelve years' imprisonment and fined 1,000 marks.

The number of immigrants arriving in Canada from January 1 to November 30, was 138,600, compared with 309,000 for the same period last year. The number of passengers to the United States from Canada during the same period was 64,000.

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

TARRANT'S SELTZER APERIENT

Invaluable for Ladies and Children.

You'll find it good to regulate
The organs of both small and great;
It checks Sick Headache, and the woe
That sad Dyspeptics ever know.
In TARRANT'S SELTZER people find
A remedy and treat combined.

Annual Meeting.

The annual meeting of the stockholders of the First National Bank of Reno, Nevada, will be held at its banking rooms in Reno, Nevada, on Tuesday, January 10 1888, for the election of Directors to serve for the ensuing year, and for the transaction of such other business as may come before the meeting. Hour of meeting, 10 o'clock, A. M.
CHAS T. BENDER, Secretary.
Reno, Nevada, Dec 10, 1887. dec10d

Great Saving in our Prices.

Nothing has created so much talk as Breuner's elegant and immense line of Bedroom and Parlor Furniture. Suites for two, three, four, five and six hundred dollars. We can furnish you with a suite—the finest in the land or the cheapest to be had. Our trade has demanded that we carry the richest lines, and to-day we are shipping goods to San Francisco, Oakland and other parts of the State. San Francisco merchants cannot compete with us, as their store rents and other expenses are enormously high. Everybody admits that we sell the cheapest, and everyone who visits our stores says our assortment is as elegant as it is large.

If you desire anything in our line and cannot visit our stores, write us stating articles you want and will send you photographs and prices, and give you the same satisfaction as if you were selecting in our stores. Send for photograph of our $20.00 bedroom suite.

JOHN BREUNER,
604, 606, 608, 610 and 612 K Street, and 1109 to 1115 6th, Sacramento

18 CHRISTMAS. 87

THE season is fast approaching when Christmas presents will be in demand, and in order to supply our customers with such articles as will be ornamental as well as useful, and appropriate for the occasion, one buyer has been busy for some time making proper selections. We enumerate a few articles which have received, and a careful inspection will prove them to be very desirable, and reasonable in price—

Ladies' and Gents' Silk Handkerchiefs,
In Brocade, Hemstitched and Embroidered,
Ladies' and Gents' Fine Linen Handkerchiefs,
In plain white and colored borders;

LARGE LINES OF
Ladies' Silk Hose, in All Colors,
Prices range from $1.25 to $3.00 per pair.

Ladies' Sealet Wraps and Cloaks,
Of the very Latest Designs.
Fine NEWMARKETS and JACKETS
In Various Shapes and Colors.

FINEST QUALITY
Kid Gloves, Silk Gloves, Mitts,
In Black and Colors.

Elegant Assortment of
MISSES' AND CHILDREN'S CLOAKS!
Latest Styles in Neck Wear and Collars,
Large Assortment of Purses and Hand Bags.

White and Colored Fans!
From the Medium Grades to the Finest Quality.
Fine Embroidered Piano and Table Covers
Any of the above mentioned articles as a Christmas present would be lasting, useful, and no doubt very desirable.

OUR STOCK OF
FINE BLANKETS AND FLANNELS
Has never been larger than at present, and as we receive them direct from the mills, it would be perhaps to the interest of those in need of anything in this line to call and examine our stock and get prices.

Palace Dry Goods and Carpet House.

We are agents for the celebrated London and Alaska Fur Company. Orders taken for Seal Garments of every description.

REAL ESTATE.

PREBLE & YOUNG,

—DEALERS IN—

Country and City Properties in Nevada and California.

For Sale.

$30,000. Mrs. Howard offers her ranch for sale. The ranch is on the Virginia road, the most delightful of all the country roads in Nevada. It is located eight miles from Reno and in a fertile agricultural section. The ranch consists of about 900 acres and a valuable water right. The ranch has long had the reputation of being one of the most productive of its size of all the ranches in the Truckee Meadows. This year it has produced 800 tons of hay, pasture for 200 head of stock, vegetables and other products in value about $9,000. By the expenditure of a few hundred dollars the ranch could be made to be even much more productive than it is at present. The soil is admirably adapted to the raising of alfalfa, stock and vegetables. It has an excellent house, barn and other buildings, a good orchard and other improvements. Price, $30,000; ⅓ cash and the remainder in five equal annual installments. Interest at 8 per cent. per annum.

$13,650. A. Banta's ranch located about five miles southeast from Reno is offered for sale. It consists of 455 acres, which will be sold at $30 per acre, or for $13,650 and on easy terms of payment. There is on the place a good house of eight rooms, two barns and other buildings. The place has plenty of fine irrigating water and as many as fifty springs of excellent drinking water. The ranch yielded this year 350 tons of hay, and pasture valued at not less than $1200. The total valuation of this year's yield is not less than $3,500, and some one year's yield has amounted to as much as $5,000. As the ranch consists chiefly of pasture and meadow land, the expense of running the place is exceedingly small. The ranch is especially desirable as a stock range and for this purpose would yield a handsome profit on the amount invested.

FOR SALE—Lots 10, 11, and 12, in Block 4, Marsh's Addition, south side of river, very desirable location. House of two rooms (hard finished) and shed; lots cleared; size, each 50 by 140. A bargain.

$300. Lot 50x175 feet, on the Virginia road, short distance from court house; a very desirable location, and the best bargain in Reno for the price. Perfect title; ditch flows through the property.

80 ACRES OF LAND under improvement; good buildings and fence; 70 acres in alfalfa; choice orchard—600 bearing fruit trees; 5,000 nursery trees; good well. Situated ¼ mile from the C.P. railroad depot, Reno.

FOR SALE—House and lot on east side of Virginia street, one door north of Fourth street; lot 50 by 140; house of five rooms. A very desirable locality.

FOR SALE—Lot 129.5 ft. by 140 ft., on east side of Virginia street, opposite residence of B F. Leete. This is a very desirable piece of property.

40 ACRES OF LAND; 26 acres in alfalfa; 1,750 forest trees, all under fence. Situated ¾ mile from railroad depot, Reno. Rolling ground, beautifully situated for residences.

560 ACRES; 100 acres enclosed by a substantial fence; 90 acres under fine cultivation; balance wild land—good for pasturage. Will cut 250 tons alfalfa this year. Two acres of young and bearing orchard; good seed land.

Perfect Title to 56 inches of Water.

New two-story house of three rooms hard-finished; good barn. Situated 3½ miles from Reno.

Price, $6,000—$2,000 down, balance on time at reasonable interest.

3,000 ACRES under substantial fence. ABUNDANCE OF WATER FOR IRRIGATION.

300 acres in wheat, barley and alfalfa.

Controls an immense outside range for cattle or sheep.

$2,000 WORTH OF HORSES, MARES AND COLTS.

All kinds of farming utensils.

Machinery, Wagons, blacksmith shop, etc. etc.

Plenty of water close by.

Ranch lies 20 miles south of Austin.

This would make one of the best stock ranges in the state.

Price, $15,000. Easy terms of payment given.

Also several large properties in Truckee meadows; properties at Stockton, San Jose, San Francisco and Alameda.

Mines bought and sold. The firm has numerous correspondents who are dealers in mining property.

A New Musical Instrument.

The "Pyrophone" is the latest musical invention. It is a novel instrument, constructed to make music from gas. Its compass is three octaves, with a keyboard, and it will be played in the same manner as an organ. It has thirty-seven glass tubes, in which a number of gas jets burn. These jets, placed in circles, contract and expand like the fingers of a hand. When the small burners separate the sound is produced, when they close together the sound ceases. The tone depends upon the number of the burners and the size of the pipes in which they burn, so that by a careful arrangement and selection all the notes of the musical scale may be produced in several octaves. Some of the glass tubes in which the jets burn are nearly eleven feet high. When the "Pyrophone" is played upon with the keyboard it gives out a rich, full tone of remarkable delicacy, and to a great extent resembling the human voice.

Love's warning cry: "Don't, Jack, you hurt my vaccination."—[Fall River Advance.

Scientific Miscellany.

French authority asserts that the complaint known as "hay fever," supposed to be of quite recent origin, can be traced as far back as the sixteenth century.

A paper on flying machines lately read before the Royal Society of New South Wales was illustrated with sixteen self-supporting models, varying in weight from three-fourths of an ounce to three ounces.

The temperature of the Gulf Stream has been found by Captain Pillsbury to range from 42 to 81 degrees. The greatest velocity at the surface is four and one-half knots, but the fluctuations are frequent and great.

Carefully collected statistics show that since 1859 the disasters from lightning in the kingdom of Saxony have been becoming more numerous each year, from which it is inferred that some cause has increased the number or severity of thunder-storms in that part of Europe.

Water-pipes of paper have been satisfactorily tested by Dr. D. Lewis, a pipe 1,000 feet long and two inches in diameter having been used for several years without leaking or imparting taste to the water. Wound into pipe form and soaked in tar, the paper becomes nearly as hard and strong as iron.

An attempt is being made to increase the number of plants grown in Iceland. Barley, whose cultivation there was long ago abandoned, has been reintroduced, and at Reikjavik a botanic garden has been established, in which seeds of 382 kinds of plants from near Christiana have been planted.

King Oscar of Sweden has notified the Paris Academy of Sciences of his intention to offer a prize of 2,500 francs, with a gold medal valued at 1,000 francs, to the author of the most important contribution to mathematical sciences, the award to be made on the king's sixtieth birthday, January 21, 1889.

LONGEVITY OF ANTS.—It has been generally supposed that ants survive but a single season, and one interesting result of Sir John Lubbuck's study of the creatures is the finding of unexpected longevity among them. Sir John has kept workers of Lasius niger and Formica fusca for seven years, while two queens of the latter species must now be nearly twelve years old, and he hopes to keep them in good health for a considerable time longer.

A NEW INSTRUMENT.—A new scientific apparatus for measuring distances—the "teletopometer"—has been devised by Prof. Cerebotani of Verona, and is being exhibited in London. Its principle is that known to surveyors as "triangulation," but the essential base-line is so shortened as to be contained in the instrument itself, while a set of tables enables the observer to read off quite accurately the distance or height of any object in view without trigonometrical calculation.

EVIDENCE OF MAN'S ORIGIN.—The careful and laborious researches of Prof. Fol, of Geneva, have resulted in proving to his satisfaction that the human embryo has a genuine tail, like that of the embryos of other mammals, although it disappears in a short time. The theory of man's descent from the apes is based upon several anomalies in the structure and growth of the human body, but this discovery is regarded as an important link in the chain of circumstantial evidence which makes the hypothesis seem very probable to many students in certain branches of science.

WHY ARE FISHES LUMINOUS?—Phosphorescene is observed in a great variety of marine animals, but Prof. W. C. McIntosh remarks that the functions of the luminosity cannot yet be explained, the conditions under which it appears being very diverse. The numerous views which have been advanced to account for the phosphorescene itself range over a wide area—from its production by electricity, by continued agitation of the water, by putrefaction, by imbition of light, to its manifestation as a vital action in the animals, or a secretion of phosphorescent substance.

VARIABLE STARS.—The brightness of some stars varies periodically, more than a hundred so-called variable stars being known, while many more are "suspected variables." The periods range from a few days to many years. The variation is usually slight, but is very marked in the cases of Algol and Mira, the former star alternating from the second to the fourth magnitude in a little less than three days, while the latter is a still more remarkable variable, being invisible most of the time and blazing up to second magnitude brilliancy at intervals of eleven months. The most interesting of stars of this class is our own sun, whose brightness is affected by the immense spots which appear on its surface and sometimes cover millions of square miles, and whose period of variability is eleven years. The "new star" in Andromeda is supposed by Lord Rosse to be a variable now shining with abnormal brilliancy.

Cattlemen in Washoe county, Nevada, are complaining at the excessive rate of valuation on cattle, which is $15 per head. Our stockmen are assessed at $20 and we hear of no kick.—[Montana Live Stock Journal.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not be there your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed us, you may depend upon.

Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all coughs and colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. Trial bottle free at S. J. Hodgkinson & Co's Drug Store.

Wonderful Cures.

W. D. Hoyt & Co., wholesale and retail druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters, Bucklen's Arnica Salve for two years. Have never handled remedies that sell so well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by S. J. Hodgkinson & Co.

INFANTILE SKIN DISEASES

Our oldest child, now six years of age, when an infant six months old was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, blotched, and malicious. We had no rest at night, no peace by day. Finally, we were advised to try the CUTICURA REMEDIES. The effect was simply marvelous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion your valuable remedies saved his life, and to-day he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred.

THOUSANDS OF CHILDREN

Are born into the world every day with some eczematous affection, such as milk crust, scall head, scurf, or dandruff, sure to develop into an agonizing eczema, the itching, burning, and disfigurement of which make life a prolonged torture unless properly treated.

A warm bath with CUTICURA SOAP, an exquisite Skin Beautifier, and a single application of CUTICURA, the Great Skin Cure, with a little CUTICURA RESOLVENT, the New Blood Purifier, are often sufficient to arrest the progress of the disease, and point to a speedy and permanent cure.

Hence, no mother who loves her children, who takes pride in their beauty, purity, and health; and in bestowing upon them a child's greatest inheritance—a skin without a blemish, and a body nourished by pure blood—should fail to make trial of the CUTICURA REMEDIES.

Sold everywhere. Price, CUTICURA, 50c; SOAP, 25c; RESOLVENT, $1. Prepared by the POTTER DRUG AND CHEMICAL CO. Boston, Mass.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.
